

AUTUMN WINTER 2021 LOCK BAGS

dunhill introduces new Lock Bag styles for Autumn Winter 2021, following its sell-out launch last year. An evolution of this contemporary House icon, these latest designs introduce new fabrications, colour and silhouettes, whilst retaining the signature lock hardware of the original.

GT LOCK BAG

A celebration of dunhill's automotive heritage, the GT Lock Bag takes inspiration from the leather seating found in modern grand touring cars. Re-engineered in GT padded leather, this new style pairs precision quilting with vibrant colour – available in Carmine Red, Chrome Yellow and Neon Pink, alongside more muted Carbon Black and Alloy Grey.

Part of the wider GT range, the Top Handle Lock Bag features the same solid frame construction in a subtly elongated silhouette, whilst the capacious Lock N/S Tote offers everyday functionality.

Launching from late-September 2021, prices range from: £1,795 - £2,695 / €1,950 - €2,950 / \$2,295 - \$3,595.

SOFT LOCK BAG

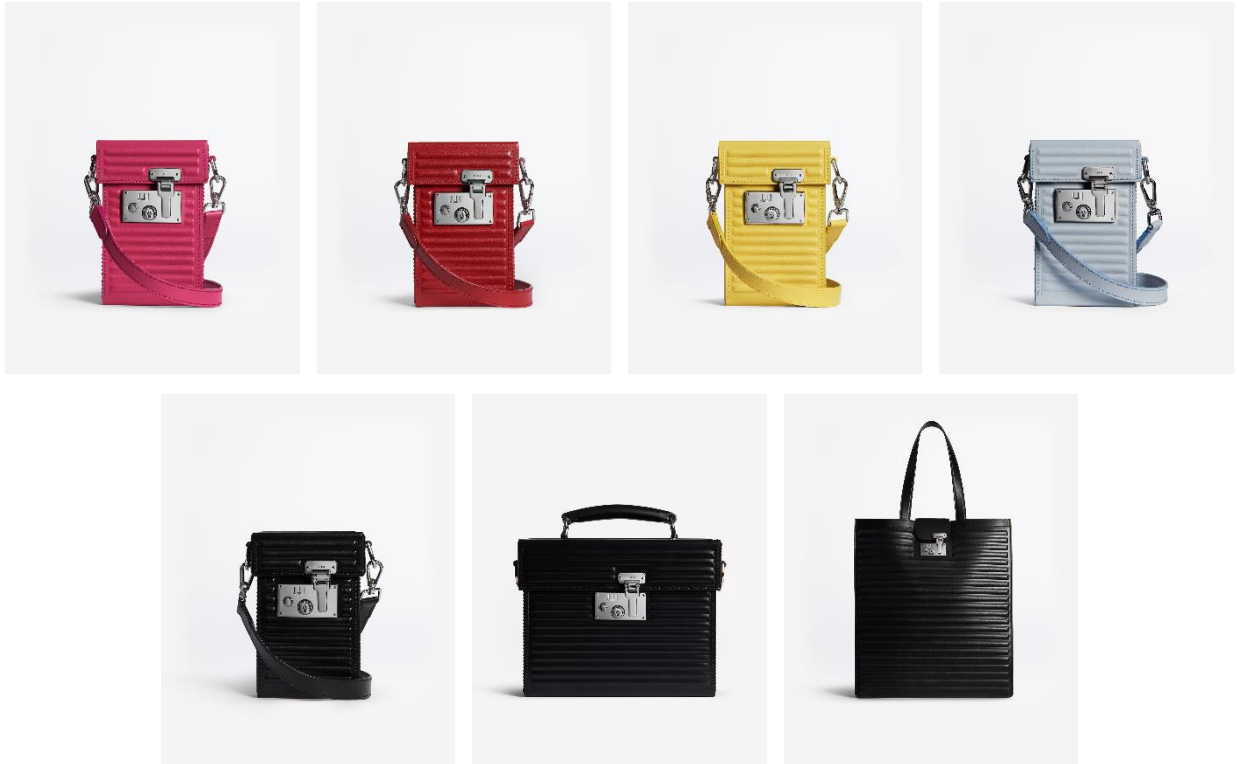

Bringing a relaxed practicality, the House welcomes a handful of soft Lock Bag shapes. Crafted in supple leather, these easy-to-wear pieces add another dimension to the collection. Featuring new and existing silhouettes in a palette of black, cornflower blue and caramel, the range includes a compact messenger, travel holster, zipped pouch and luxurious weekender.

Launching from mid-August 2021, prices range from: £1,295 - £2,595 / €1,395 - €2,895 / \$1,650 - \$3,500.
